NEW HOPE HILLSIDE

This Sunday

Pastor John will be exploring the topics of resurrection and glory through the lens of the Oscar winning film, *Searching for Sugar Man*. What will resurrection glory be like?

(Watch the film on Netflix for a clue!)

Worship Team Opportunities!

NHH is looking for musicians to join the worship team! We especially need bass players and percussionists. We're also looking for any interesting musical instruments that add variety and texture. If you can check off some of the points below, contact karenanderson@shaw.ca. We'll set up a chance to talk.

If you:

- are committed to growing spiritually and musically
- are on board with the church's mission statement and worship vision
- are reasonably confident playing your instrument(s)
- can practice and play with a team once a month
- are willing to spend some time practicing on your own
- want to work and play with some great people...

Consider joining our team!

September Long Weekend Church Camp-Out POSTPONED!

The camp at Rocky has been a great host and is using some of the funds we've helped raise to renovate their kitchen and mess hall. We've tried to chase down reasonable alternatives, considered risking the bad weather by camping without indoor communal cooking / gathering space but... Ultimately decided we would rather wait until next year and do our first big New Hope Hillside camping trip just right! Questions, comments, concerns, outcry... email Rich at richlymade@gmail.com

We WILL have a regular Sunday service together at The Village on **Sunday, September 4th.**

World Renew Response to Flooding in Louisiana

More than 20,000 people have been forced from their homes and businesses in Louisiana due to historic floods. Half of Baton Rouge is underwater. More than 10,000 people are being housed in shelters. World Renew is assessing the damage firsthand and meeting with local officials as well as partner organizations in the disaster area.

World Renew Disaster Response Services asks for generous donations to support these affected communities. Financial donations will be used in the months and years to come not only for home repair, but to provide hope in support in Christ's name throughout the many stages of recovery. Go to worldrenew.net to find out more.

Communicate with Us

NHH Leaders and Staff want to hear from you! There are several ways to communicate needs & celebrations with our church. Talk to a leader or staff person, fill out a comment card (provided in the program), email us info@newhopechurch.ca, or call the office [\(403.693.5555\)](tel:403.693.5555)

We look forward to becoming more connected with each other.
